MATERIAL AT THE LBJ LIBRARY PERTAINING TO ALCOHOLISM

INTRODUCTION

This list includes the principal files in the Johnson Library that contain material relating to Alcoholism. It is not definitive, however, and researchers should consult with the Library's archivists about other potentially useful files. The guide includes those collections that have been opened for research in part or in whole, and those collections that are currently unprocessed or unavailable.

WHITE HOUSE CENTRAL FILES (WHCF)

This permanent White House office was the main filing unit during the Johnson presidency, though not the primary file for foreign policy documents. Material was filed under 60 major subject headings, several of which are pertinent to Alcoholism.

WHITE HOUSE CENTRAL FILES CONFIDENTIAL FILE

Arranged in the same subject categories as the WHCF Subject File, this file contains security classified or otherwise sensitive material. The CF Name File serves as a name index to the CF Subject File. This collection also includes agency reports and oversize attachments. The CF is entirely processed, but portions are still classified.

WHITE HOUSE CENTRAL FILES NAME FILE

This file serves as a name index to the Subject File. Name Files, in general, contain copies of the first page of documents (used as cross references) filed in the Subject Files. Request files by name of individual or organization. There is a card file in the Reading Room card catalogue indicating those Name Files that are already available for research.

National Institute on Alcohol Abuse and Alcoholism (NIAA)

Request other names of persons/organizations involved in programs to combat alcohol abuse.

TASK FORCE REPORTS

The term "task force" as used during the Johnson Administration, refers to a working group whose goal was the formulation of specific policy recommendations for the upcoming year. The following task forces contain some recommendations and information pertaining to Alcoholism.

	<u>Box #</u>
1966 Task Force on Law Enforcement, Juvenile Delinquency, and Narcotics	17
1968 Task Force on Law Enforcement and Administration of Justice	28

OFFICE FILES OF THE WHITE HOUSE AIDES

Many White House aides maintained office files of their own, separate physically from the rest of the White House Central Files. The files of each aide reflect his or her responsibilities. This list is not definitive, but it does include most pertinent folders in the aides files. If a folder is not open for research, it will be processed upon request. Researchers should anticipate a delay in receiving this material.

Consult finding aid in Reading Room for appropriate folder titles in Aide's Files.

FEDERAL RECORDS

The use of these records is subject to the policies of the agency of origin. Some materials, including the majority of the records of temporary commissions, committees, and conferences, are available without restriction. Other materials can be seen only with the permission of the agency of origin or are closed due to security classifications.

Conversations concerning alcoholism are scattered throughout the collection. A detailed finding aid, including descriptions of individual conversations, is available on the Johnson Library web site. The Recordings are available at the University of Virginia's Miller Center web site (<http://www.whitehousetapes.net/>).

ORAL HISTORIES

Transcripts of oral history interviews may be consulted at the Library or borrowed through interlibrary loan by writing to the Interlibrary Loan Archivist, Lyndon B. Johnson Library, 2313 Red River Street, Austin, Texas 78705. Interviews with the following people contain material on Alcoholism. And are open for research. Interviews marked (wp) require written permission. Contact the Interlibrary Loan Archivist regarding the procedure. A complete list of oral histories is available and is maintained in a card file in the Reading Room.
