MATERIALS IN THE LBJ LIBRARY PERTAINING TO **MEXICAN-AMERICANS**

INTRODUCTION

This list includes the principal files in the Johnson Library that contain material relating to Mexican-Americans. It is not definitive, however, and researchers should consult with the Library's archivists about other potentially useful files. The guide includes those collections that have been opened for research in part or in whole, and those collections which are currently unprocessed or unavailable. The Library has also prepared lists of material available on the following related topics: *Affirmative Action*; *Civil Rights*; *Lyndon B. Johnson and His Teaching Experience in Cotulla, Texas, 1928-1929*; *Senator Dennis Chavez*; *Felix Longoria*.

WHITE HOUSE CENTRAL FILES (WHCF), SUBJECT FILE

WHCF NAME FILE

This file serves as a name index to the Subject File. Name Files, in general, contain copies of the first page of documents (used as cross references) filed in the Subject Files. Request files by name of

individual or organization. There is a card file in the Reading Room card catalog indicating those Name Files that are already available for research.

CONFIDENTIAL FILE

Arranged in the same subject categories as the WHCF Subject File, this file contains security classified or otherwise sensitive material. The CF Name file serves as a name index to the CF Subject File. This collection also includes agency reports and oversize attachments. The CF is entirely processed, but portions are still classified. Consult the Confidential File for the same subject categories in the WHCF, Subject File.

APPOINTMENT FILES

The Diary Cards in the Reading Room provide an alphabetically arranged name index to the President's appointments. Once the date of an appointment has been determined, check the "Diaries and Logs" finding aid for the number of the appropriate boxes in both the Daily diary and the President's Appointment File (Diary Backup).

OFFICE FILES OF THE WHITE HOUSE AIDES

Many White House aides maintained office files of their own, separate physically from the rest of the White House Central Files. The files of each aide reflect his or her responsibilities. This list is not definitive, but it does include most pertinent folders in the aides files. If a folder is not open for research, it will be processed upon request. Researchers should anticipate a delay in receiving this material.

RECORDINGS AND TRANSCRIPTS OF TELEPHONE CONVERSATIONS

The Johnson Library staff is currently processing the recordings and transcripts of President Johnson's telephone conversations. The collection includes over 6,000 recordings of conversations with members of Congress, other public officials, civil rights leaders, members of the press, friends and family. LBJ Library staff have noticed significant errors and omissions in the transcripts and suggest that transcripts and recordings be used together. See the Library's web site for descriptions of the conversations (<http://www.lbjlib.utexas.edu/johnson/archives.hom/Dictabelt.hom/content.asp>).
