MATERIAL AT THE LBJ LIBRARY PERTAINING TO JEAN MONNET AND THE EUROPEAN ECONOMIC COMMUNITY

INTRODUCTION

This list includes the principal files in the Johnson Library that contain material relating to Jean Monnet and the European Economic Community. It is not definitive, however, and researchers should consult with the Library's archivists about other potentially useful files. The guide includes those collections which have been opened for research in part or in whole, and those collections which are currently unprocessed or unavailable.

WHITE HOUSE CENTRAL FILES (WHCF)

This permanent White House office was the main filing unit during the Johnson presidency, though not the primary file for foreign policy documents. Material was filed under 60 major subject headings, several of which are pertinent to Jean Monnet and the European Economic Community.

WHCF NAME FILE

This file serves as a name index to the Subject File. Name Files, in general, contain copies of the first page of documents (used as cross references) filed in the Subject Files. Request files by name of individual or organization. There is a card file in the Reading Room card catalogue indicating those Name Files which are already available for research.

WHCF CONFIDENTIAL FILE

Arranged in the same subject categories as the WHCF Subject File, this file contains security classified or otherwise sensitive material. The CF Name File serves as a name index to the CF Subject File. This collection also includes agency reports and oversize attachments. The CF is entirely processed, but portions are still classified.

OFFICE FILES OF THE WHITE HOUSE AIDES

Many White House aides maintained office files of their own, separate physically from the rest of the White House Central Files. The files of each aide reflect his or her responsibilities. This list is not definitive, but it does include most pertinent folders in the aides files. An asterisk (*) indicates that a folder has been processed and is available for research. If a folder is not open for research, it will be processed upon request. Researchers should anticipate a delay in receiving this material.

NATIONAL SECURITY FILE

This file was the working file of President Johnson's special assistants for national security affairs, McGeorge Bundy and Walt W. Rostow. Documents in the file originated in the offices of Bundy and Rostow and their staffs, in the various executive departments and agencies, especially those having to do with foreign affairs and national defense, and in diplomatic and military posts around the world. More than one-half of the National Security File has been processed. Consult the finding aid in the Reading Room or borrow a lending copy by writing to the Supervisory Archivist, LBJ Library, 2313 Red River Street, Austin, Texas 78705. Those folders whose titles are preceded by an asterisk "*" or a date have been processed and their contents declassified in whole or in part. Lists of classified documents have been placed in those folders, and you may request mandatory review of individual documents that have not yet been declassified in full. Those folders not preceded by an "*" or a date are unprocessed and are not subject to mandatory declassification review. Consult with a member of the staff on the processing schedule.

APPOINTMENT FILES

The Diary Cards in the Reading Room provide an alphabetically arranged name index to the President's appointments. Once the date of an appointment has been determined, check the "Diaries and Logs" finding aid for the number of the appropriate boxes in both the Daily Diary and the President's Appointment File [Diary Backup].

The Daily Diary is a log sheet of appointments and phone calls maintained by the White House secretaries.

The Diary Backup contains preparation material, press releases, and schedules for meetings and appointments, as well as some reports and notes from the meetings.

Check Diary Cards in the RR for pertinent dates for any relevant names.

PERSONAL PAPERS

This collection of papers from individuals or organizations came to the Library separate from President Johnson's papers. See the finding aid for information concerning the availability of individual collections.
