(Note: The following related guide is also available: ST11: Hawaiian Statehood and the East-West Center. This guide does not include references to the Guam Conference of March 1967 because this conference concerned Vietnam.)

INTRODUCTION

This list includes the principal files in the Johnson Library that contain material relating to U.S. Trust Territory of the Pacific Islands and Guam. It is not definitive, however, and researchers should consult with the Library's archivists about other potentially useful files. The guide includes those collections which have been opened for research in part or in whole, and those collections which are currently unprocessed or unavailable.

This permanent White House office was the main filing unit during the Johnson presidency, though not the primary file for foreign policy documents. Material was filed under 60 major subject headings, several of which are pertinent to the U.S. Trust Territory of the Pacific Islands and Guam.

This file was the working file of President Johnson's special assistants for national security affairs, McGeorge Bundy and Walt W. Rostow. Documents in the file originated in the offices of Bundy and Rostow and their staffs, in the various executive departments and agencies, especially those having to do with foreign affairs and national defense, and in diplomatic and military posts around the world. More than one-half of the National Security File has been processed. Consult the finding aid in the Reading Room or borrow a lending copy by writing to the Supervisory Archivist, LBJ Library, 2313 Red River Street, Austin, Texas 78705. These folders have been processed and their contents declassified in whole or in part. Lists of classified documents have been placed in those folders, and you may request mandatory review of individual documents that have not yet been declassified in full.

OFFICE FILES OF THE WHITE HOUSE AIDES

Many White House aides maintained office files of their own, separate physically from the rest of the White House Central Files. The files of each aide reflect his or her responsibilities. This list is not definitive, but it does include most pertinent folders in the aides files. An asterisk (*) indicates that a folder has been processed and is available for research. If a folder is not open for research, it will be processed upon request. Researchers should anticipate a delay in receiving this material.

APPOINTMENT FILES

The Diary Cards in the Reading Room provide an alphabetically arranged name index to the President's appointments. Once the date of an appointment has been determined, check the "Diaries and Logs" finding aid for the number of the appropriate boxes in both the Daily Diary and the President's Appointment File [Diary Backup].

The Daily Diary is a log sheet of appointments and phone calls maintained by the White House secretaries.

The Diary Backup contains preparation material, press releases, and schedules for meetings and appointments, as well as some reports and notes from the meetings.

HANDWRITING FILE

The Handwriting File is a collection that was maintained during the White House years. Documents exhibiting Johnson's handwriting are contained in this file. Often these documents bypassed the White House Central Files Office and went directly to the Handwriting File. Consequently, some material in the Handwriting File is not in WHCF.
